Vocals: Vocal 1 main center (Nina with wireless in-ear LD Systems MEI 1000)

Vocal 2 on the left

Vocal 3 on the right

Stage: Dimensions: As much as possible!

Drum riser would be nice and a carpet under the drums as well.

3 micro-stands in front, we prefer straight stands.

We don't have a sound engineer with us at any time!

Lights: Standard rock'n roll: blinders and floorspots would be nice, no extreme moving lights please.

We don't have a light-designer with us at any time!

Please note:

Don't distress yourself!

We are still a punk band and act in nearly all circumstances, so please allow us your best terms.

Thank you.
